Kuali Coeus Version 3.0.1 Release Notes

Date: December 15, 2010

Copyright © 2010 Kuali Foundation, Inc.

Purpose:

The purpose of this document is to summarize the bug fixes included in this patch release.

Fixes:

Note that for some proposal development and award print forms, data issues were addressed, but changes in the stylesheets may be forthcoming in the next release.

Some issues related to the help links were fixed in this patch. Also, the following bugs were fixed:

Jira Key	Summary
KRACOEUS-4166	Proposal AND Award Budget: STEs when attempting to Apply to Later Periods for personnel expense items
KRACOEUS-4044	PropDev Sponsor Forms: NIH2590: Progress Report Summary: Overview of issues and potential issues with form page
KRACOEUS-4041	PropDev Sponsor Forms: NIH2590: Face Page: Overview of issues and potential issues with form page
KRACOEUS-4036	PropDev Sponsor Forms: NIH398: Biosketch: Upon print/open, error message returned that file is corrupt
KRACOEUS-3165	Proposal Budget - Budget Actions - Print: Non-Personnel calculated rates and F&A are not being calculated in Budget Summary and Budget Total Reports
KRACOEUS-3164	Proposal Budget - Budget Actions - Print: Various line item details are not being populated on the Industrial Budget Report
KRACOEUS-4183	Sponsor templates for 398 Biosketch and 2590 Facepage
